

Summary of July 29, 1997 TMPWG Meeting

Attendance:

Members:

Farhana Mohamed, Dennis Knisley, David Schanbacher, John Preczewski, Terry Harrison

Public Participants:

None

Summary of Decisions/Action Items

TMPWG should have its next teleconference meeting on August 28, 1997, 10:00-11:30 am EST to:

Reach consensus on as many as possible of the following products:

Cost Model (format and content),
Detection limits Guidance,
QA/QC guidance

It may be necessary to schedule an earlier teleconference specifically for Test Method Document in order to meet delivery date to RICE SWG

Action plan:

Focus initially on RICE SWG request,
Karl Loos to develop and distribute to TMPWG a draft by August 8 and request comments by a certain date ,
If substantial comments received, then teleconference will be scheduled to resolve
If no controversial comments are received by Karl, then revised draft will be provided to RICE SWG concurrently with further TMPWG review

To facilitate consensus building, final draft products on other products should be received by all TMPWG members no later than Monday August 25 (and preferably sooner).

Discuss appropriate future TMPWG action for the following unresolved issues/requests

1. Identify appropriate Fuel Characterization procedures/methods
2. Address PM 2.5 methods issue
3. Address Dioxin methods
4. Address Mercury methods
5. Potential Review of API/GRI Gas fired Test Plan
6. Potential Review of PERF data for Process Heaters
7. Appropriate use of surrogate compounds/test methods

Discuss Administrative issue alternative actions for the following:

New Nominations received
Review of past participation of existing members
Review options for Stakeholder co-chair and alternates selection for next year

TMPWG should have a face to face meeting in Research Triangle Park NC on Friday September 19, 1997 to accomplish the following:

Finalize recommendation on the above administrative issues.

Discuss new information/direction gleaned from the CC and SWG meetings and develop a plan of action for the above and new unresolved issues/requests.

No formal TMPWG presentation to CC in September since we believe our prime customers are SWGs; However, we will plan to respond to CC comments or questions on our BBS posted products and status report.

Meeting opened 10:00 EST

Meeting Closed :11:00 (approximately)
